

Sirius Works, Inc. Names Larry Payne, Director of Southeastern Commercial Operations for Cisco Systems, Inc. to its Board of Advisors.

March 7, 2005, Atlanta, GA - Sirius Works, Inc. a service-centric Information Technology Human Capital Management Services Company announced today the appointment of Larry Payne to its Board of Advisors. Mr. Payne is currently the Director of Operations for the Southeastern United States for Cisco Systems, Inc. He has responsibility for Sales and Operations for in the Commercial Market Segment. He has been with Cisco for ten years and has held various Sales Management positions in the Southeast and is based in Atlanta, GA. He has had responsibility for Sales in Cisco's Enterprise as well as Service Provider Segments and has worked closely with Channel Partners, as well as end user customers.

Before coming to Cisco in 1995, Mr. Payne worked for Newport Systems, Inc. and Combinet, Inc., two technology start up companies that were acquired by Cisco. Before that he worked for Micom Communications in Sales and Engineering. He began his career as a Network Engineer for Contel Corporation.

Mr. Payne has a B.S. in Engineering Management with a Mechanical Engineering preference from the Univ. of Missouri – Rolla.

“We are very excited to have Mr. Payne join our team”, said Susan Weyn, Sirius Works’ Chief Operations Officer. “Larry provides our organization a wealth of understanding within this technology arena and strengthens our desire to continue to become one of the leading providers of human capital to the surging Voice Over IP (VoIP) market. Larry’s deep understanding will serve to keep our growth plans on the right track.”

About Sirius Works, Inc.
